

From Me to You – The Christ Letters for the Second Coming 7

Food for the Soul

Sunday, May 19, 2024 5:30 am

1. Dearest ones in Christ,

2. I return to you during these turbulent times to announce my new appointment to a leadership role from this side of the veil. I Am the Guardian in Chief for the growing group of Christs currently on the Earth. My former position was as a mentor. As the group has grown, we on the executive council felt that was time to have one designated disembodied Soul as leader and contact for all things related to the earth project.

3. This group has had three mentors: Jesus, St. Germain, and me (Mother Mary). This has been since the [Journey into the Unknown](#) series started in 2020. The mentoring triad consisted of the three souls who first brought Christ Consciousness into the earth's reality long ago. Now the three of us have a new reconfigured triad of souls that has a vertical flow rather than a horizontal one.

4. As the manifestation of the Divine Feminine energy, which is simply wholeness, the executive council selected me to be in charge of the earth's Christ collective. Jesus and St. Germain will be my right and left hands in our new energy configuration. They are both important parts of my energy, but the keyword here is part. The Divine Feminine is inclusive of the masculine and is inclusive of all. Each one of you is now part of my light.

5. We used an analogy in our writings through Rick, of each of you being Christ offices. Well my dears, a decision was made that each one of your offices now falls under my leadership as the Guardian in Chief, the Divine Feminine in full manifestation. Please communicate with me directly 24/7. This has been a long time coming. I Am more than thrilled to be your Guardian in Chief. We have much to do dear ones.

6. In Christ,
Mother Mary

The Backstory

Sunday, May 19, 2024 6:30 am

1. Dearest ones in Christ,
2. Many of you paid close attention when I appeared before you to give the [Easter Day Address](#) this year. That was my first time to do so and if you read carefully between the lines, you may have sensed that something had changed and was in the process of change.
3. Jesus was the focal point during his short number of years on the earth. He was selected for this mission because of the patriarchal power structure on the earth at that time, and that largely continues in this day and age. The mother figure was a means to an end type of support system. It was not seen as anything other than that, because women were not seen as anything other than that. To do otherwise wouldn't have been acceptable to those who were looking and judging what they saw.
4. Seeds were sown for Christ Consciousness and then darkness prevailed. The ego had its way and created its own societies and religions. The truth was distorted and blocked from view. This is the story of the human part of the earth project. All humans fell into a deep frozen state and believed things that were the opposite of what was true. Unconditional love, acceptance, and inclusion of all were not welcome.
5. Fast forward to the late twentieth century and the same three energies (mother, father, and son) reappeared with, once again, the male son as the focal point. By 2020 this was still the case but you were starting to hear more from the mother and father, and something new was happening energetically. We were moving into a horizontal position as equals. This takes us to today in 2024.

From Me to You – The Christ Letters for the Second Coming 9 I Am Woman, Hear me Roar

Sunday, May 19, 2024 7:30 am

1. To continue, if I may speak on behalf of Jesus, as his experience is our experience as a shared one. His teachings were mostly rejected and repressed. What little survives was so watered down and distorted that it largely lost its value. Fast forward to a time when humans were experimenting more and becoming more open minded about everything, Jesus once again reintroduced the true teachings while keeping his identity more in the background. From that point forward he kept trying to be more and more clear without being in the background. He let it be known that he really was the one known as Jesus 2000 years ago, and that these were the true teachings in various books and forms and through a variety of channels.
2. Of course what is really transpiring is that souls are awakening or maturing to the point that they can start to allow these strange sounding ideas to be accepted by host minds.
3. When the pandemic hit and we started to work with Rick and Christina there was still a lot of resistance, but there was a small group who was open to working with us. Remember, Christ Consciousness was an acceptable term at this time, but being Christ was still startling and alarming. Some started to back away but we continued nevertheless.
4. We can all say that with [*Soul in the Driver's Seat: A Course in Miracles for the New Age*](#), Jesus' mission has absolutely been accomplished. The message has been clearly delivered on behalf of all of us in the family of God. Now it is my turn to be at the helm as the mother of a new kind of energy.

A New Beginning

Sunday, May 19, 2024 8:00 am

1. The Executive Council has made itself known to you as the [Cadre of Souls](#). They oversee all worlds of form as well as the vast formless world. The Christed triad for the earth realm was first introduced as the Father, the Son, and the Holy Ghost. Notice that there was no mention of me, and yet I gave birth to Christ Consciousness on the earth. Jesus was the first teacher of it and focal point for it. Jesus, St. Germain, and I are all members of the [Executive Council/Cadre of Souls](#) and mentors for the earth's Christed ones. Now that our configuration has changed, this is the new flowchart for the earth.

2. All are equal contributors in God dear ones, but through organization our collective energy can be that much more effective in achieving our goal. Which is to claim the earth as our own, hence heaven on earth.

3. Until the July letters.

Yours in Christ,
Mother Mary
