1. Greetings to the Christ Community. It is I, Mother Mary, once again, to speak to you one final time for a while. We will close out this series, From Me to You – The Christ Letters for the Second Coming, a bit early, as we prepare for a seventh year of rest from the first Christ Manifestation Project in the modern era. We started in 2020 with the A Journey into the Unknown series and continued to this day with the Arrival series. Moving from Christ Consciousness to Christ Manifestation was our driving goal and we succeeded. We have Christ energy that is fully embodied, scattered around the world. If you are reading this now, you are one of Them. You had to overcome your ego's resistance. Maybe it was saying that being Christ was impossible or blasphemous, but you did it. You allowed Christ energy, in the form of your soul, to grow leaps and bounds to lead you to where you are today. You are living a brand new kind of life, one where Soul is in the driver's seat.
2. All of the education in the world would be useless unless it was received and responded to. There were many who refused, because it wasn't "spiritual" sounding enough and was so focused on living in the illusionary world. Yes, naysayers. That was exactly the point. That's what Christ is for. It isn't needed in the formless world. It is needed in this world as it is, as horrifying and ugly as it often is.
3. This project was an all-hands-on-deck type of project. We want to thank our earth partners, Rick and Christina's cocreating team. We couldn't have done it without them of course. We know what a tremendous amount of work it was and we thank you for sticking with it.
4. There were many unseen ones involved in this project. There was the first family of Christ – St. Germain, Jesus, and myself. There were ancient ones who set the record straight about their lifetimes on the earth. There was the mysterious Rami, and the Cadre of Souls. There were numerous contemporary figures who have rejoined us, too many to count. There were Helen and Bill, the pioneers of Christ Awareness with the A Course in Miracles book. All of these are individual strands of the whole web of the OneSelf. It took all of us to educate and support each strand on the earth who had the willingness to expand and BE Christ on the earth during these harsh times.
5. While all of this was transpiring, we wanted to reintroduce Christ Awareness, and this is how Soul in the Driver's Seat: A Course in Miracles for Today was born. For those who are keeping track, I can hear you say, "Mother Mary, we are supposed to hear you speak about Kindness and Wisdom, the last two strands in the Gift of Wisdom chapter of Soul." I just want to encourage each Christ to be kind to yourself first and foremost. You have tough assignments. It's the wise thing to do. When you are kind to yourself, you are being kind to the OneSelf at the

same time. We are doing serious work but try to not take yourself too seriously. Have plenty of laughs each and every day.

6. What's next for the Christ Community? The educational piece is complete and has been memorialized for review, thanks again to Christina, Colin, and the Team. Just take things one moment at a time. Respond with unconditional love to what is before you, or just BE that same unconditional love. Who knows what the future will bring? We just have now, and now is looking much better with the strong energy of Christ.

7. I Am by your side always, dear ones. I pass the baton to you. It's your time to shine now, Christ Community.

8. With the glorious power of love,
Mother Mary,
on behalf of the entire Christ Manifestation Team.
